

Our N.J. Specialty line products are the fastest and best problem-solvers on the market. Years of R&D and field testing make them sure cures for persistent algae, cloudiness, stains or scaling. Your customers are waiting for these.

Specialty Chemicals

- ▶ **Algicil®**
The highest concentration polymer style algaecide available. Effective against all type of algae. Non-sudsing and non-metallic. 60% active. Less costly Algicil-30 is also available. 30% active.
- ▶ **Algitec Plus®**
A chelated, copper-based algaecide especially effective against mustard and black algae. 8% active.
- ▶ **Algitec-50®**
Highly concentrated "quat" algaecide. Good against green and "pink" algae. 50% concentration.
- ▶ **Silver Algaecide**
Especially effective against re-occurring algae such as black, mustard, and pink.
- ▶ **Diamond® Blue Clarifier**
Super concentrated blue liquid clarifier. Polishes water by removing fine suspended particles that cause cloudy or dull water.
- ▶ **Majestic Blue**
A "natural" concentrated clarifier that helps the filter remove fine particulate matter. It also eliminates oils and metals from pool water.
- ▶ **Hydro-Floc**
A unique non-alum based floc that quickly and safely settles particulate matter to bottom of pool for easy vacuuming.
- ▶ **Keetrol Plus®**
Extremely effective in preventing staining, scaling and discolored water on pool surfaces due to metals such as calcium, iron and copper. Also available in a less expensive version called Keetrol.
- ▶ **Sideswipe® Tile and Vinyl Cleaner**
An acid-based cleaner, biodegradable, pleasant smelling, and made exclusively for pools and spas.
- ▶ **Oxy-Kleer®**
A non-chlorine shock that dissolves instantly. Extremely good for commercial pools where too much chlorine can cause a problem.
- ▶ **Cartridge-Renu®**
Made especially to clean cartridge filters. Non-acid. Very effective.
- ▶ **Filter-Renu®**
A granular acidic product that, when put in a sand filter, helps clean off the sand and increase filter efficiency.
- ▶ **QLF Algaecide**
A concentrated low-foaming "quat" algaecide. Excellent as either a preventative or cure for green algae.
- ▶ **Diamond Lustre-All**
An excellent non-acidic cleaner for all pool surfaces. Simply spray on and rinse off.
- ▶ **Therma-Swim**
Reduces heat loss. Easy-to-use, just pour into pool. Doesn't affect operation of pool cleaners. Environmentally safe – biodegradable.
