

X-FACTOR

CHEMICALS THAT KEEP WORKING WHEN OTHERS STOP!

Alg-X
A special non-staining, highly effective copper algicide. Extremely effective against all types of algae!

Ascorb-X
Granular product that will remove stains on the bottom of pools. Safe to use.

Bor-X
A granular, long-lasting algicide. Borate based.

Pink Algae-X
Concentrated algicide that works well on the so-called "Pink" algae.

Phos-X
Super concentrated product that removes all phosphate from the pool in one treatment.

Scum-X
Highly concentrated product containing natural enzymes that literally breakdown all oils that form a scum or "bathtub ring" on the walls of the pool.

Stain-X
Highly concentrated metallic stain & scale remover. Will also change discolored pool water back to blue.

TV-X
A powerful, all purpose, non-acid cleaner. Can also be used in solution form to wipe on anything that comes in contact with the pool.

Yellow-X
Special powder when used with chlorine attacks and clears yellow stains caused by yellow (mustard) algae.
